VI.1) GENERAL ADDITIONAL INFORMATION Tenderers are hereby advised that a notice of correction is available

VI.2) MODIFICATION OF DATES Not applicable.

VI.3) OTHER ADDITIONAL INFORMATION/CORRIGENDA This amendment is to advise interested parties that two pre-tender open briefing sessions will take place. For indicative purposes it is envisaged that the target audience will be major contractors (or consortia) able to provide works projects above GBP1 million in value per project and it is currently anticipated suitable contractors (or consortia) with a turnover of above GBP20-30 million per annum will be required due to the scale of the programme. Applicants should also be able to provide coverage for building construction works over a significant geographic proportion of the South West Region. The briefing sessions are intended to provide a forum through which interested parties may understand the background to this forthcoming procurement and also to enable the Construction Framework South West team to take informed market feedback into account to ensure that the forthcoming procurement process is well researched. The first morning briefing session will take place on 7th July 2008 at a location in Bristol. The second morning briefing session will take place on 10th July 2008 at a location in Exeter. If you would like to attend either of these briefing sessions please request Joining Instructions by e-mail to: Eleanor.Thomas@devon.gov.uk Full details of locations and timings will then be provided to you. Please note that space is likely to be limited so we cannot accept more than two representatives from each organisation attending and all places must be pre booked by no later than midday 3rd July 2008.
